SUBJECT INDEX TO VOLUME 39*

Accidents, prevention and management of in childhood:
—Accident or abuse, a tough question sometimes (Ficker), 27
—Accident-prone child (Cohen), 5
—Early treatment of hypovolemic shock (Felter), 16
—Families in crisis, practical guidelines for emergency room staff (Lewis), 37
—New techniques in treatment of trauma (Ochsenschlager), 21
—Primary survey, stabilization and treatment of patient before transport (Altieri), 11
—Safety education, a developmental approach (Parshley), 40
Adolescence, *see* Menstrual disorders
Asthma, proceedings of a pediatric symposium on:
—Adrenal corticosteroids and treatment of asthma (Sly), 280
—Bronchodilatation vs. bronchoregulation, role of cromolyn vis-à-vis theophylline (Mansmann), 27
—Immunology of atopic diseases (Josephs), 190
—Introduction (Sly), 187
—Pathophysiology of asthma (Casale, Kaliner), 200
—Prevention and management of advanced status asthmaticus (Mansmann), 290
—Pulmonary function studies in asthma (Hilman), 224
—Role of infection in asthma (Welliver), 210
—Skin testing and the radioallergosorbent test (Josephs), 236
—Sympathomimetics in treatment of asthma (Sly), 256
—Theophylline therapy in childhood asthma, a challenge and choice (Hilman), 243
—Update on exercise-induced asthma (Eggleston), 216
Atopic diseases, immunology of, *see* Asthma
Bone scanning, *see* Problems in Body Imaging
Broviac catheter, in children with chronic congestive heart failure (Bradley), 000
Campylobacter infections in man, clinical and laboratory diagnosis of (Controni), 175
Case Reports:
—Child abuse (Ficker), 27
—Congestive heart failure (Bradley), 334
—Tourette syndrome (Nagle, Taube, Woodward), 328
Child abuse and neglect, study of recidivism in (Holman), 100
—*see* Accidents
Clin Pro Retrospective:
—Childhood sinusitis—past and present (Chamberlain), 358
—Infant feeding revisited (Greenberg), 359
—Paroxysmal pontifications (Stevens), 353
—Progress and problems (Cohen), 364
—Re-Dedication (Perry), 365
Congestive heart failure, *see* Broviac catheter
Continuing medical education, *see* Private pediatric practice

* Issue Number 1, pp 1–48; Number 2, pp 49–128; Number 3, pp 129–184; Numbers 4 & 5, pp 185–304; Number 6, pp 303–370

Coronary artery disease risk factors in childhood (Kuehl), 53
Correspondence, 120, 184
Corticosteroids, *see* Asthma
Cromolyn, *see* Asthma
Crisis management, *see* Accidents
DOA protocol in emergency room, follow-up study on effectiveness of, (Reilly, Cohen), 92
Editorial, 118, 159
Emergency transport, *see* Accidents
Father-to-infnt contact in an intensive care nursery (Gaiter, Johnson), 79
Growth of children following renal transplantation, is normal adult stature possible (Hurley, Greenslade, Chmiel), 338
Left-handedness and brain function (Spiegler, Baron), 314
Legal issues related to the health care of minors (Holder), 307
Menstrual disorders in adolescence (Silber), 108
Parent education, *see* Private pediatric practice
Patient education, *see* Private pediatric practice
—*see* Accidents
Practitioner's Mailbox:
—Encouraging expression of feelings—A practical technique (Wiczer), 349
Private pediatric practice, educational potential of:
—Developmental/educational professional in a private office setting (Samango-Sprouse), 161
—Opportunities for research in a pediatric office practice (Pedreira), 153
—Patient and parent education (Feroli), 144
—Pediatric training in situ, the private office (Guandolo), 133
—Physician education (Mella), 150
—Research in office practice, editorial (Rosenquist), 159
—Resident's appraisal of private office training (Dugan), 167
Problems in Body Imaging:
—12-year-old with back pain following automobile accident (Cohen, Potter), 171
Pulmonary function studies, *see* Asthma
Radioallergosorbent test, *see* Asthma
Renal transplantation, *see* Growth
Residency training, *see* Private pediatric practice
Shock, treatment of, *see* Accidents
Sinistrality, *see* Left-handedness
Skin testing, *see* Asthma
Status asthmaticus, *see* Asthma
Sympathomimetics, *see* Asthma
Theophylline, *see* Asthma
Tourette syndrome, case reports (Nagle, Taube, Woodward), 328
Trauma, *see* Accidents
